2. The Introducing Broker shall not make any unwarranted claims or misleading statements (e.g. implying that trading leads to success, a change in lifestyle, financial freedom and using any visual reference to money (cash, credit cards, notes and coins), as such promotion would not emphasize the high risk involved in trading Option Contracts and CFDs, and would interfere with the integrity of IQOption.
3. The Introducing Broker undertakes the responsibility to act in good faith at all times and must not make any false or misleading statements with respect to IQOption and/or the services provided by IQOption and/or engage in any other practice which may go against the best interest of the Client and may affect adversely the image and credibility of IQOption.
